

FOR SALE
1998 INTERNATIONAL ONE DESIGN
Asking \$49,000
Offers Encouraged

Designed in 1936, the IOD is a long and narrow boat, with beautiful lines and traditional overhangs. The Class' strong one-design commitment - sails, hulls, masts, booms, rig geometry, etc, are virtually identical between boats - keep costs of ownership low and makes racing extremely competitive. The tall, powerful sail plan is perfectly balanced by a full displacement keel, so the boat is a delight to race and day sail. The International Class is active in Sweden, Norway, Scotland, Bermuda, Northeast Harbor, Marblehead, Nantucket, Fischers Island, Larchmont and San Francisco.

1998 INTERNATIONAL ONE DESIGN SPECIFICATIONS
